Public Health

This document is for participants of the World Police and Fire Games and associated visitors staying in Northern Ireland. It provides information on how to contact a GP, pharmacist or dentist across the 5 Local Commissioning Group Areas (as per map below). Information on health services such as GPs, Pharmacies and Dentists across Northern Ireland is also available from the following website: www.hscni.net

Athletes and visitors will be entitled to avail of “immediately necessary” treatment during the games. The extent of treatment provided under the “immediately necessary” heading is always a matter of clinical decision but it would be expected to include sudden onset of illness, an accident or the sudden worsening of any pre-existing condition. Routine monitoring or treatment that could wait until a person returns to their home country would not generally be deemed to fall within this definition.

Where any treatment provided to a person does not fall into the “immediately necessary” category, and the person is not from a country with which the UK has a reciprocal agreement, then charges may be raised for that care.

Medical Provision at Venues

All sports venues for the 2013 World Police and Fire Games will have medical resources in attendance. Medical provision to events may include some or all of the following; First Aid, Ambulances, Paramedics, Physiotherapists and Doctors. WPFMG Medical Team members can be easily identified by looking for staff in a white WPFMG T-shirt with "MEDICAL" written on the back.

In the event of illness or injury at a WPFMG venue, athletes can receive assessment and treatment from the medical providers at a World Police and Fire Games venue free of charge. If further assessment or treatment is recommended or required, patients may be advised to attend a Hospital. In these circumstances and dependent on the circumstances, the individual may be referred to either a HSC Hospital or Kingsbridge Private Hospital. In the event of being referred to a HSC Hospital, individuals may become liable for costs incurred beyond that which is defined as being "immediately necessary". In the event of being referred to Kingsbridge Private Hospital, individuals accredited for the World Police and Fire Games will receive initial assessment free of charge, with any subsequent treatment being paid either on a self-pay basis or through Health Insurance.

Individuals may also choose to seek medical attention from Kingsbridge Private Hospital on a self-referral basis for minor conditions such as;

- * sprains and strains
- * minor breaks and dislocations
- * minor burns
- * cuts and wounds
- * minor ear, nose and throat conditions
- * sports injuries
- * minor head injuries

In this case, individuals accredited for the World Police and Fire Games will receive initial assessment free of charge, with any subsequent treatment being paid either on a self-pay basis or through Health Insurance.

Kingsbridge Private Hospital is located at 815 Lisburn Road, Belfast, BT9 7GX, Telephone number: 028 9066 7878.

Individuals accredited for the World Police and Fire Games may also choose to seek medical attention for minor conditions such as those listed above at the Athletes Village, Custom House Square, Belfast. An Emergency Nurse Practitioner from Kingsbridge Private Hospital will be in attendance at the Medical Room in the Athletes Village between 1.30pm and 6.30pm on a daily basis between 2 August 2013 and 10 August 2013.

Assessment and minor treatments undertaken at this facility will be free of charge.

First Aid facilities will also be available at the Athletes Village throughout its opening hours between 2 August 2013 and 10 August 2013.

In an Emergency

If you have a medical emergency and require an ambulance, call 999 or 112 from any phone. Text Relay – Dial 18000 for Emergency Calls.

A medical emergency is something that is potentially immediately life-threatening and below are some examples:

- Sudden collapse and the person unresponsive or not breathing;
- Suspected stroke or heart attack;
- Person unconscious perhaps after heavy blood loss or accident;
- Collapse preceded by facial swelling and wheeze (probable anaphylactic shock) or choking episode.

In an emergency, you can also go to one of the following Emergency Departments without an appointment. The Emergency Department will treat serious injuries or conditions including fractures.

Pharmacists / Chemists

Pharmacists (sometimes called Chemists) dispense prescriptions and ensure the safe supply and use of medicines by patients and members of the public. They also provide a range of services related to specific health related issues and can advise on minor ailments and common complaints.

The services that may be available from your Pharmacy are:

- Emergency Contraception
- Truss Fittings
- Incontinence Supplies
- Stoma
- Needle Exchange
- Pregnancy Testing
- Oxygen

Minor ailments include:

- Bugs and viruses
- Minor injuries
- Tummy troubles
- Women's health
- Skin conditions
- Allergies
- Aches and pains
- Children's problems

The community pharmacist will be able to give advice to customers on how to use prescribed medicines and will highlight when certain medicines should not be used with alcohol or other types of medication.

Pharmacists can help you decide whether you need to see a doctor. You can talk to your pharmacists in confidence - even about the most personal symptoms and you don't need to make an appointment. It is possible to walk in to any Community Pharmacy and ask to speak to the Pharmacist.

There are a range of medicines available from your pharmacy which can be bought directly. These are usually for minor conditions. To treat major diseases, medicines need to be prescribed (usually by a doctor).

Pharmacies are normally open between 9.30 and 5.30 Monday to Saturday. However, for a list of actual opening hours please refer to the following website: <http://www.hscbusiness.hscni.net/services/2053.htm>
For Sunday openings see: <http://www.hscbusiness.hscni.net/services/2286.htm>
